Short description	<p>Three types of grants depending on the research experience: ERC Starting Grants (2-7 years after PhD award), ERC Consolidator Grants (7-12 years after PhD award), ERC Advanced Grants (advanced researcher with excellent scientific track record from the last 10 years)</p> <p>AIM: ERC grants are awarded through open competition to projects headed by starting and established researchers, irrespective of their origins, who are working or moving to work in Europe. The sole criterion for selection is scientific excellence. The aim here is to recognise the best ideas, and confer status and visibility on the best brains in Europe, while also attracting talent from abroad. Target group: Excellent researchers – post-docs/senior researchers and those with outstanding scientific track record from the last 10 years.</p> <p>Rules: Principal Investigator-driven Projects in any scientific discipline are allowed. Both PI and the team members may be nationals of any country in the world. Project is hosted at the selected research institution in Europe (including the PI's home institution) located in the EU Member States or countries associated with the Horizon Europe Programmes. Participation of other research institutions than the host one in the project is allowed but must be well substantiated in the application.</p> <p>Duration: up to 60 months.</p> <p>FUNDING:</p> <p>Project budget from 1 to 2.5 mln euro (in special cases up to 3.5 mln euro)</p>
