<b>Short description</b>	The aim of the FIRST TEAM programme is to improve the human potential of the R&D sector, support first research teams supervised by PhDs at the early stage of their careers (regardless of their nationality), and encourage the return of outstanding scientists of Polish origin to Poland or the return of persons who have had a break in their research careers to the R&D sector. Support under the programme will be provided to teams conducting research at research units or companies in Poland, working in the most innovative areas and having a scientific partner, i.e. local or foreign research partner. In the FIRST TEAM programme, the participation of at least one scientific partner from Poland or another country is mandatory.
